MSRP - \$99.00 **MSRP** - \$49.00

Thrustmaster HOTAS WARTHOG Joystick 40 CM Extension Kit (PN - 773891)

This kit has a custom spring with @ 4X the strength of the spring that comes standard with the HOTAS. It includes a 40CM extension and a 44CM 5pin DIN extension cable.

The Thrustmaster HOTAS WARTHOG Joystick Extension is 40cm long. Shiny aluminum like the base plate. Includes 44cm 5 pin din cable extension. Reported to be a much more realistic to a real world flight experience.

Thrustmaster HOTAS WARTHOG Spring 40 CM extention (PN - 773861)

This custom spring for the 40CM extension is roughly 4X more tension. This 4X spring has over 50 engineering hours in development. The 4X spring was designed specifically for a division of the USAF using the HOTAS for training fighter jet aviators. The USAF is in no way, shape, or form endorsing this product.
